

NutNet Authorship:

Create a shared google document spreadsheet to hold author contributions

1. go to <https://docs.google.com/templates>
2. Click on tab labeled "Public Templates" then search "NutNet" in the search box at the top of the page.
3. Find the template called "NutNet collaborative authorship" and click "Use this template"
4. Log in if necessary. A new document should open, and will be saved in your google drive.
5. Add your author information (name, institution, email, check contribution boxes)
6. Share with co-authors:
 - i. click blue "share" button on top right
 - ii. copy & paste "Link to share" into email sent to opt-in collaborators.
